SUN DESTINATIONS

INTRODUCTION

Chacma Bush Camp, enviably located deep within the heart of the Maseke Game Reserve (a management area of the Balule Private Nature Reserve), offers the perfect Big Five safari experience in undulating landscapes dotted with rocky outcrops. This family-friendly camp sleeps a total of 10 people, and thus offers an authentic and intimate safari experience close to the Olifants River. Wildlife weave their way through the mopane woodlands hugging the camp's perimeter, which provides the perfect natural habitat for a variety of species. During the summer months, guests can relax at the swimming pool while observing wildlife at the waterhole in front of camp. Evening times are spent swapping stories around the roaring campfire in the boma area, and dinners are spent indulging in traditional cuisine in the rustic lapa. Enjoy daily game drives in this 8000 hectare reserve, and special excursions such as sundowners, bush breakfasts and star gazing. Chacma is an exquisite and rare camp surrounded by the untamed wild.

A TYPICAL DAY AT CHACMA BUSH CAMP

Each morning begins with a morning wake-up call, coffee and a game drive in the Maseke Game Reserve.

LOCATION

Chacma Bush Camp is ideally located in the Maseke Game Reserve, a completely off-the-beaten track private reserve that is teeming with wildlife. Explore untouched landscapes with rocky outcrops, diverse vegetation and the Olifants River.

The area is a big five reserve and the bonus? It's a relatively unknown reserve but certainly doesn't lack in terms of sightings. Less people, more wildlife!

ACTIVITIES

Morning and evening game drives

- Sundowners in the bush
- Bird watching
- Boma dinners around the fire
- Walks to the "koppie" behind the camp for scenic vistas.
- Bush breakfasts (upon request)
- Traditional South African braaivleis (barbecue) cooked over the open fire.

GETTING THERE

Chacma Bush Camp is easily accessible for fly-ins and self-drivers. There are a few ways of getting to Chacma. Guests that choose to self-drive will be met at the gate and escorted to park their cars at camp.

1. It's roughly 50 km from Hoedspruit to Chacma Bush Camp. Continue on the R40 and take the Grietjie Balule turn off and continue straight to the Grietjie Balule gate. After signing in at the gate continue straight for 1.1km. Turn right at the Chacma Bush Camp sign. Follow this road for 1.5km. Turn right through the chain gate (you will see the lodge on your left) and follow the road for 200m. Turn left at the 4 way junction. Follow the road left into the parking area.
2. Take the R71 from Phalaborwa and turn left onto the

GENERAL TRAVEL INFORMATION

WEATHER

The average mean rainfall for the year is 350mm, with most rainfall occurring during mid-summer (November – February). The rainfall generally occurs in the form of thunderstorms where a downpour is experienced, and very seldom lasts longer than a few hours.

The mean average maximum temperatures range from 24.5°C in July to 31.5°C in January with the mean monthly minimum occurring in July at a temperature of 8.5°C.

WILDLIFE

During the dry season the vegetation is sparse and wildlife congregates around watering holes. During the wet season the vegetation is dense and wildlife is more dispersed. Expect to see the big five over the course of a 3 night stay.

In addition to the big five that are regularly sighted include giraffe, zebra, warthog, spotted hyena, baboon, hippo, impala, kudu, vervet monkey, waterbuck, wildebeest, bushbaby, mongoose, duiker and steenbok.

You might also see wild dog, cheetah, honey badger, porcupine, aardvark, civet, caracal and serval. Birds that are regularly seen are vultures, owls, bee-eaters, rollers, eagles, bustards, hornbills, starlings and shrikes.

GAME DRIVE VEHICLES

On game drives you are able to get a lot closer to big game than you would in a national park. The animals are

generally habituated to the vehicle. This means that they are used to the vehicle approaching them and know that it never causes them harm. This enables to you to get within five to 10 metres of the large animals – and safely! All game drives are conducted in open 4 x 4 Toyota Land Cruisers or Land Rovers.

MALARIA

The Maseke region is a low risk malaria area. It is best to consult your local Doctor for advice. Generally, the type of medication needed for the Kruger area is Malarone, Doxycycline or Melfloquine. Mosquitoes are more prevalent in the wet, warmer season. Mosquito repellent and creams are also great preventative measures.

WHAT TO PACK

During the summer months the weather can be hot and sticky. You may want to bring a few outfits.

- Comfortable walking shoes
- Sun hat, sunglasses and sunblock
- Cameras and binoculars
- Light, neutral coloured clothing
- Bathing suit
- Warm jackets essential in winter (May – Oct)
- Beanie and gloves – the mornings are cold during winter.
